LEADING BRANCHES DISCUSSED

By the Instructors and Teachers as Well—Some Entertaining Features Enliven the Proceedings—West Virginia History Receives Proper Attention—The Importance of Grading Country Schools Dwelt on—A Query Box.

Wednesday morning found a large number of the teachers of Marshall county assembled in the court house at Moundsville ready for business, with Prof. R. A. Riggs occupying the chair in the absence of County Superintendent Sivert. They all appeared to be feeling bright and cheerful, and quite an interest was manifested throughout the day.

In the opening exercises Miss Pelley sang a beautiful solo, which was highly appreciated by those present. L. M. Crow led in prayer.

The first branch taken up was arithmetic, by W. S. Powell. Some problems in percentage were solved on the blackboard, and some of the solutions were discussed in a lively manner. Grammar was the next branch called, Prof. D. T. Williams having charge. This lesson brought out some very warm discussions, into which Prof. King entered with all his old time vim and gestures. A few minutes intermission was then enjoyed.

The roll call was next in order, followed by R. A. Riggs in his second talk on grading country schools. Mr. Riggs lays great stress on the importance of this work, which has been so very much neglected in the county. The morning session closed with a lesson in general history, conducted by W. S. Powell, and taken from the manual prepared by the state superintendent.

In the opening of the afternoon session the "West Virginia Hills" was sung and the study of bookkeeping taken up by Prof. Williams. Forms of commercial papers were again put on the blackboard and discussed. This was followed by E. Bonar on orthography. Several rules for spelling were given, and then Mr. Bonar sent class to the board under the charge of Miss Minnie Hood and took another class himself and illustrated in a practical way his method of teaching spelling.

The teachers then enjoyed a short recess, after which a quartette composed of Miss Pelley, Mrs. Wilson and Messrs. Hammond and McComb, sang a beautiful song.

The last branch for the day, West Virginia history, was in charge of W. S. Powell. The most important battles that were fought with the Indians and others in early times in this state were referred to.

Mr. Sivert then called for the report of a committee that was appointed to draw up by-laws for a county teachers' organization. They were not ready, but will report to-day.

A query box was started. This is a new feature in the institute. Many good questions were asked and answered. It is believed that this will prove to be a good thing, as it gives the teachers who are backward about speaking in public a chance to ask questions. A question, "What should be done to make educational meetings throughout the country more of a success?" was discussed at length by Messrs. Williams, Riggs, Gorby, King and others. Some good ideas were advanced, and all urged the teachers to take greater interest in this work.

Considering the close, sultry condition of the atmosphere in the room during the afternoon the interest manifested was good. It is anticipated that Dr. J. W. Simpson's stereopticon lecture this evening will be one of the best things of the institute. His subject will be "Travels in Foreign Lands." No doubt a large crowd will be out to hear and see the entertainment.

Gilbert Walden's popular lecture will be given Monday night next.

INDUSTRIAL HAPPENINGS.

Block Bros., Tobacco Factory Resumes, Other Industrial Notes.

Tuesday the cutters at the factory of the Block Bros., Tobacco Company, on the South side, resumed work, and this morning the immense plant will go on in full in every department, about 300 persons finding employment. The employees of this plant have had a two weeks' vacation, but are glad to get back to work.

The Bellaire steel works will not be able to make a full week unless more iron can be secured. With a supply of iron the plant could run right along for awhile.

After a long delay and in spite of the orders of President Adams to the contrary, about fifty of the coal miners along the Bellaire, Zanesville & Cincinnati road, over the river, have gone to work.

At the Belmont mill, on the South side, the rollers and heaters are at work, and the blast furnace is also on.

Work on the new tippie for the Boggs Run Mining Company, east of the Baltimore & Ohio tracks, below Forty-eighth street, is progressing rapidly, a good portion of the trestle work having been completed within the past two days. The tippie will be located about midway between the two mines of the

That Tired Feeling

Hood's Sarsaparilla Makes the Weak Strong.

"I cheerfully announce the facts of a course of treatment with Hood's Sarsaparilla. I was troubled with a dull headache and that tired feeling. I am employed by the St. Louis & San Francisco Railway and was out in all kinds of weather. I began to take Hood's Sarsaparilla, and after taking six bottles I felt perfectly well and had a good appetite. Hood's Sarsaparilla is a great blood purifier and I gladly recommend it. Mr. C. E. Tibbets, Missouri. Be sure to get Hood's and only Hood's, because

Mills 8 and 9 at the Elms-Standard stopped yesterday. It is refreshing to see this mill running so fully.

A. D. Seamon, president of the Buckeye glass works, goes east to-day on business.

The cutting and decorating departments at the Buckeye glass works go on this week.

ABOUT PEOPLE.

Strangers in the City and Wheeling Yokes Ahead.

Mr. Morgan L. Rhees, the well known New York artist, is again in Wheeling on a visit to his parents, and may remain some time. He has done some of the cleverest portrait work ever seen in Wheeling, notably a painting of the late Dr. John Friswell, which could not be surpassed, and his other work is also very artistic. His sea view, "The Rescue," recently exhibited at Nicol's art store window, won much favorable comment. He recently received a flattering mention in connection with a fine portrait of himself in the *Quarterly Illustrator*, of New York.

This morning Chief of Police McNichol, Assistant City Clerk Sweeney, James Smith and Hal Bruce will leave for Cadiz to see the races. They will drive overland in Lieut. Terrill's surrey, and return to-night.

A POLITICAL ROMANCE.

The Deal Made by Miss Emma Bates to Secure Her Election.

FORMAN, N. D., August 8.—A local paper brings out a romantic incident in connection with the nomination by the Republican state convention of Miss Emma F. Bates, of Valley City, to be state superintendent of schools. Miss Bates had charge of her own canvass for the nomination, and found formidable opponents in John H. Devine and Prof. J. H. Holland. She was able to side-track the latter by making herself solid with the Young Men's Republican League.

She then entered into negotiations with Mr. Devine, first demanding unconditional surrender. This he refused. After further negotiations, it is said, he agreed to pull off the track provided she would, if elected, make him her deputy and marry him into the bargain. After some deliberation, she agreed to do this, provided he would stump the state for her. This also was agreed to. As he is a powerful speaker, Miss Bates is conceded to have made the shrewdest political deal yet known.

MARTIN'S PERIL.

Haps and Mishaps in the Thriving 'City Across the River.

NOTES ON NAVIGATION.

Stage of Water and Movements of Boats. The River Interests.

The marks at the public landing last night showed 21 inches of water in the channel and about stationary. Weather clear and warm.

The Mattie K., the Clarlinton low water packet, arrived from below on time and departed at the usual hour, 3:30 p. m., with a fair trip, mostly freight.

The Matamoros packet, Ida Smith, was unable to come up to the city yesterday morning on account of the low water, and laid up at McMechen. A team of four horses was procured and the two lighters filled with freight were brought up to the public landing, canal boat fashion, the first time this has been done for over a year. The Ida Smith was lightened last evening and this morning will come up to the wharf. She is scheduled to depart at 10 a. m. for Matamoros and way landings.

This afternoon at 1:30, twenty-two pilots landed at the wharf, on Sam The Scramouch, of Wheeling, and proceeded up town to get refreshments. The party is composed of: Philo Carter, Gold, Robinson, Cobb, Calpa, Dawson, McDonald, Harper, Boyer, Harder, Parr, Eckler, McIntire, Wozz, Eckler, Macelato, Robinson, Sweeney, and two assistants. Sam The Scramouch is owned by Captain Con McDonald and Captain William McLaughlin, of Wheeling, and the party pay a big price for the use of her for the trip. They find that the river has greatly changed, and several new marks were made and others brightened up. Among the changes made since they left Rochester, Pa., are new marks at Mill Creek Island, fifty miles below Wheeling, and at the foot of Grape Island. They brightened up the marks at Government Rock, and at the Big Kanawha bridge. Such a jolly lot of men would be hard to find, and their trip from Rochester, Pa., to Louisville, Ky., will be a pleasant one as well as a benefit to them when the river rises and they continue their work at the wheel.—Huntington Herald.

HEADWATER REPORTS.

Danish Care.

But do it consistently, wisely, and not with alcoholic stimulants, but by the reinforcement of energy, the renewal of appetite and the ability to digest, which Huester's Stomach Bitters, foremost among tonics, produces. Malaria, rheumatism, kidney complaints, constipation and nervousness are conquered by this victor over many ailments.
